NEW IN OFFER

Pinot

Pinot is a solution that combines beauty with functionality. Inspired by moments spent enjoying a glass of fine wine, the Pinot collection captures the essence of light, relaxed comfort with the highest aesthetic appeal. This series of lightweight, elegantly designed chairs and stools is perfect for cafés, restaurants, contemporary offices, and public spaces alike.

Soft, organic lines appear as sketches suspended in space. The leg seamlessly transitions into the armrest, embracing the backrest before descending to the ground—this continuity of form gives the entire collection an impression of harmony and lightness that thoughtfully interacts with its surroundings. The variety of options, including a choice between a hard veneered seat and a soft upholstered one, as well as options with full or short armrests or none at all, makes this collection exceptionally versatile.

Chairs with short armrests are ideal for spaces where optimizing space is essential, allowing for easy tucking under the table. Stools without armrests, on the other hand, are a perfect choice for bar areas, where freedom of movement and simple elegance are paramount.

The rear legs of the chair are gently angled, preventing the back from touching the walls and minimizing the risk of dirt. The line of the crossbar, subtly cutting through the space behind the backrest, not only adds elegance but also serves as a practical handle that facilitates the repositioning of the chair.

Key features

- **Visual lightness** – their organic lines give them a sense of lightness, making them an ideal fit for a variety of interior arrangements.
- **Versatility of use** – a wide range of options (chairs with full, short armrests, bar stools without armrests) and different seat options (hard veneered, soft upholstered) make the Pinot collection perfect for offices, cafés, restaurants and public spaces.
- **Practical functionality** – ergonomic details, such as rear legs tilted at the right angle to prevent the backrest from touching the wall, and a crossbar behind the backrest, which serves as a convenient handle for moving the chair.

Specifications

MATERIALS:

SEATING

veneered plywood, upholstered - fabrics from the Balma upholstery sample book

FRAME

powder coated metal - full colors according to the Balma pattern book

DIMENSIONS:

45 x 50 x H46 x H79 cm
